
Move Louisville

Road System Concept Map

Legend

Road Improvements Projects

Any Move Louisville project investments or recommendations are identified by their candidate Project ID. Please refer to the candidate projects list for additional detail.

Priority

- High-Moderate Priority Project
- High-Moderate Priority Project (Complete Streets*)
- Low Priority Project
- Aspirational Project
- Aspirational Project (Complete Streets*)

Other Map Features

Areas with potential for infill development and that could be served by transit service. In central Louisville and along key corridors, this is defined as a more general area and not as focused on node-specific designations. These nodes are a planning concept of of Move Louisville and do not guarantee land use change.

Parks

Water

Major Streets and Highways

*Complete Streets projects are illustrated on 3 of the 4 project maps. They are included on the road projects map, the bike system map, and the pedestrian system map.
