

PROGRAM: _____
AGENCY NAME: _____

INPUTS

Inputs are any resources that you invest in the program, that you need in order to complete your activities.

List additional agency's that will work with the program and their activities, outputs, and outcomes.

ACTIVITIES

Activities are all the things that you do as part of your program. These are the components that come together to create your program.

OUTPUTS

These are direct outputs of your activities. Typically they are tangible things you can count that prove you did your activity.

OUTCOMES

Short term outcomes are typically attitudes, knowledge, and beliefs.

Intermediate outcomes are typically changes in behavior. Think 6 months – 1 year to see these.

IMPACT

Impact is also your long-term outcomes (think 3-5 years). It may be more of a population level outcome.
