

REQUEST FOR PROPOSALS

City's HUD Entitlement Funds Applications Being Accepted

Emergency Solutions Grant

The Louisville Metro Government Office of Housing is now accepting applications from local non-profits for development projects funded by the U.S. Department of Housing and Urban Development (HUD) for July 1, 2021 - December 21, 2022). **This HUD-funded grant opportunity is for major or minor rehabilitation of homeless shelters using Supplemental CARES ACT Funded Emergency Solutions Grant (ESG-CV) program dollars for the purpose of responding to the effects of the COVID-19 pandemic.** This **\$1,302,261.00** grant will be administered locally by Louisville Metro Office of Housing and is guided by a 5-year strategic Consolidated Plan as well as the annual Action Plan. These funds are to be considered one-time, non-recurring grants and **projects must be completed by December 21, 2022.**

For ESG-CV funds, the Office of Housing will only consider applications for programs related to renovation of an existing emergency shelter facility or conversion of a building already owned by a non-profit organization into an emergency shelter.

ESG-CV sub-recipients will go through a competitive funding process. Any groups representing persons of low and moderate incomes may request technical assistance from Louisville Metro to help in their preparation of an application for funding. Once sub-recipients and projects have been approved, Louisville Metro Government will review the list to determine if a technical correction of the information is needed or a substantial amendment is required.
