5.11 RATING OF EXAMINATIONS

- 5.11(1) Prior to the scheduling of an examination, the Chief Examiner shall determine, with the approval of the Board, the weights to be assigned to the various qualifying elements comprising the total grade or rating through which an applicant may earn placement on the eligibility list. Such weights shall apply to subsequent examinations for the same classification, unless changed with the approval of the Board. Failure in one phase of an examination shall be grounds for the applicant's failing the entire examination. A scaled score of 70 shall be the minimum rating through which eligibility on an employment list may be earned. This score shall be derived by equating the cut off point to a score of 70 and the highest possible score to 100. All other raw scores between these two scores shall be converted to the scale in even increments.

- 5.11(2) On every competitive promotional and original appointment list, the eligibles shall be ranked in the order of their ratings earned in the examination given for the purpose of establishing the list. When it is necessary to certify the rank consisting of tied scores, all candidates having tied scores shall be certified. The Chief Examiner may determine that ratings earned in the examination process shall be divided into bands. All scores falling within a given band shall be considered tied.

- 5.11(3) Any applicant who has been injured in the line of duty while performing duties as a sworn employee of the Police or Fire Division will be placed at the top of the original appointment eligibility list for the classification for which application has been submitted. Applicants are entitled to utilize this provision only until appointed back into the service as a result of this rule. - 6.4(1) Reemployment eligibility lists contain the names of former employees in the Classified Service who resigned in good standing and who requested to be placed on the reemployment eligibility list, and are approved by the appointing authority and the Board as eligible to be reemployed in positions assigned to any class in which the former employee held an appointment.

PROCEDURES ON DISMISSALS, SUSPENSIONS, AND APPEALS

9.1 GENERAL PROVISIONS

The provisions of the Louisville Metro Personnel Policies Manual relating to reasons for discipline, authority to discipline, procedures for effecting discipline, types of discipline and suspensions pending investigations and criminal charges shall apply.

9.2 DISCIPLINARY ACTIONS; APPEALS

- 9.2(1) An appointing authority may, at any time, for just cause which will promote the efficiency of the service, discipline an employee in any appropriate manner, which may include an oral or written reprimand, suspension for a reasonable period not to exceed thirty (30) work days, dismissal or demotion. Any regular employee suspended for more than thirty (30) work days in any one (1) year period is automatically dismissed. The appointing authority, on or before the effective date of such disciplinary action, shall file with the Board a written statement setting forth the time and date such action will take effect and the specific reasons for the action.

- 9.2(2) A regular employee shall be entitled to a public hearing before the Board where such employee has been:
 - (a) Suspended for a period exceeding ten (10) work days.

 - (b) Suspended for a period of fewer than ten (10) work days if such suspension ultimately proves to be a factor in an automatic dismissal based on the fact that the employee has been suspended in excess of thirty (30) work days within a one-year period.

 - (c) Dismissed.

 - (d) Demoted, if such employee has satisfactorily completed the probationary period for the position from which he/she is demoted.

- 9.2(3) Counseling letters, warnings, reprimands and suspensions of ten (10) days or less are not appealable to the Board. An employee who has received a counseling letter, warning, reprimand or suspension of ten (10) days or less may appeal through the grievance mechanism established in the Louisville Metro Personnel Policy Manual or their collective bargaining agreement.

- 9.2(4) No employee shall be entitled to a public hearing before the Board except upon written demand made and submitted to the Board by such employee within ten (10) calendar days after the action appealed from becomes effective.

- 9.2(5) Employees are entitled to be represented by counsel and may introduce evidence at hearings authorized by this Rule. An employee who submits an appeal for Board review of a disciplinary action shall be provided a copy of the Hearing Procedures of the Board, which shall govern all hearings conducted by the Board.

- 9.2(6) Requests for hearings shall be placed on the agenda for the next regular board meeting at which time hearings will be scheduled, provided the employee or his/her attorney is present. The failure of an employee or his/her attorney to be present to obtain a hearing date may be grounds for dismissal of an appeal.

- 9.2(7) The Board may adopt rules, regulations and procedures for the conduct of hearings held pursuant to this rule.

10.2 **MILITARY LEAVE**

Regular employees in the classified service who leave to serve in the Armed Forces of the United States shall be deemed to be on a leave of absence for a period up to four (4) years unless such Armed Forces shall require involuntary service for a longer period of time, in which case the leave shall be extended for such involuntary period. Upon termination of service with the Armed Forces, the regular employee shall be reinstated without competitive examination to the position held at the time of the commencement of such leave of absence, provided such employee makes written application to the Director for such reinstatement within the time frame provided under Federal Law, and provided further, that the Board, on the recommendation of its medical examiner, shall find the applicant physically capable of performing the duties which would be assigned upon reinstatement. Nothing in the above shall be construed as granting a leave of absence to any regular employee who resigns from the classified service in order to take civilian employment whether such employment be in the nature of national defense work or not. Regular employees who are required to volunteer to take periodic training in either the Reserves or National Guard may be granted leave for the duration of the training period not to exceed ten (10) working days in any twelve-month period without loss of pay, regular leave, or any other rights or benefits to which they are entitled as employees.

10.3 LEAVE WITHOUT PAY

- 10.3(1) An appointing authority, with the approval of the Board, may grant to any regular or probationary employee, a personal leave of absence without pay for a period not to exceed ninety (90) calendar days. However, in unusual cases, the appointing authority, with the approval of the Board, may extend such leave of absence. In no event may an employee continue in an unpaid leave of absence status for a period longer than two (2) years.

- 10.3(2) Employees on unpaid leave of absence will continue to accrue regular benefits only as authorized by Louisville Metro Government Personnel Policies, by their appointing authorities, or as provided for in a collective bargaining agreement.

- 10.3(3) The Director may periodically require that an employee on a medical leave submit a certificate from an attending physician supporting the need for such leave. Failure to submit a certificate confirming illness or disability may cancel such leave of absence.

- 10.3(4) Upon the expiration of such leave of absence, the employee shall be reinstated to the position which the employee occupied at the time the leave was granted, or to a similar position in the same class. If no such position exists, the employee shall be reinstated to a position in the next most similar class, in a position which is not higher in class or rank, or to the next lowest available class for which the employee is qualified. Failure of an employee to report for duty promptly at the expiration of the leave of absence shall be just cause for the appointing authority to terminate the service of the employee.

- 10.3(5) An appointing authority, with the approval of the Board, may grant to any regular or probationary employee, a leave of absence without pay pursuant to any reason set forth in a collective bargaining agreement to which the Louisville Metro Government is a party for a period of time not to exceed that specified period set forth in the applicable bargaining agreement.

- 10.3(6) Except as where prohibited by or otherwise set forth in an applicable collective bargaining agreement, the appointing authority, if necessary to the efficient conduct of the business or agency served, and after approval of the Board, may notify the employee on leave to return prior to the expiration of leave. Should the employee fail to return in a reasonable length of time after such notification, the appointing authority may declare

the position vacant and proceed to fill it as prescribed in these rules for filling vacant positions.

10.3(7) Any employee in the classified service of the Louisville Metro Government who shall accept an appointment and qualify for a position in the Louisville Metro Government not included within the classified service shall apply for a leave of absence from the classified service. Should any such employee cease to serve as such, he shall be restored to the same classification and rank held prior to said appointment and the time served under such appointment shall be credited to seniority in his permanent classification and rank within the classified service.

10.4 **PROCEDURE FOR GRANTING LEAVES**

Requests for military leave and leave without pay shall be made in writing to the appointing authority by the employee sufficiently in advance of the desired commencement date to permit the appointing authority to make arrangements to absorb the work of the employee during the period of leave. The appointing authority shall immediately report such request to the Board for approval or disapproval. The appointing authority, in making an appointment to fill a vacancy created by the granting of such leave of absence, shall notify the new employee in writing, that the position will revert to the previous incumbent upon their return from leave. Any person on leave of absence from a position in the classified service for any reason is bound by the Rules of the Board in the same manner as if the affected employee were serving in a classified position. Any employee who violates any of such Rules while on leave of absence forfeits his or her right to reinstatement and subjects himself or herself to applicable penalties under the Act.

LAY-OFF

11.1 LAY-OFF PROCEDURE

11.1(1) An appointing authority may lay-off a classified employee whenever it is deemed necessary due to material change in duties, workload, or shortage of work funds. The appointing authority shall, before the effective date of such lay-off, advise the Director of the classifications which are subject to lay-off and the reasons therefor, as well as any adverse impact which such lay-offs may have on any protected group. In the event there is adverse impact, the appointing authority shall provide the Director with a complete explanation of the necessity of selecting these classifications instead of others. "Adverse Impact", as referred to in this section, shall be found to exist where the rate or method of selection of employees for lay-off works to the disadvantage of members of a protected group.

11.1(2) Lay-offs shall be made on the basis of seniority as determined by the length of continuous service within the classification (or higher classifications) subject to reduction in force. Continuous service shall include:

- (a) Service which has not been interrupted by a voluntary resignation, dismissal, demotion, or lay-off.
- (b) Leave of absence for reasons set forth in a collective bargaining agreement to which the Louisville Metro Government is a party, military leave, leaves with pay, and indefinite leaves to fill an unclassified position in the department or agency.
- (c) An employee laid-off shall be reinstated to the last position held in the classified service in the affected department or agency if such position is budgeted, even though the lay-off of another employee in that classification is thereby required. Lay-offs resulting from such reinstatements shall be made in the same manner as any other reduction in force. Reinstatement of such an employee to the position last held will be so based upon seniority appropriate to that classification (or higher classifications).
- (d) The names of employees who have been laid-off shall, if recommended by the appointing authority, be placed on the appropriate preferred reemployment list in order of their seniority in the affected classification, the most senior first. The name of any

persons refusing employment within the classification from which they were laid-off shall be stricken from the preferred reemployment list. Employees on the preferred reemployment list may be certified for appointment in any department or agency under the classified service; they shall be given preference in order of their rank upon the list whenever a vacancy for which they are qualified occurs within the department or agency from which they were laid-off. In positions for which physical condition is a qualifying factor, appointment from the reemployment list shall be contingent upon physical fitness. All persons on the respective preferred reemployment lists must be referred for reemployment consideration before new hires or promotions may be made.

- (e) Notwithstanding any of the above to the contrary, lay-offs of full-time employees within a classification shall be made only after laying-off all part-time probationary, seasonal and temporary employees. Probationary employees reinstated from a preferred reemployment list must begin their probationary periods anew.
- (f) Any conflict in order of lay-off between these rules and an applicable collective bargaining agreement shall be resolved in favor of the collective bargaining agreement.
- (g) Any regular employee who is laid-off may appeal to the Board, within ten (10) calendar days.

11.1(3) The Preferred Reemployment List, on which classified employees shall be listed in inverse order of seniority, shall be established for all subject classifications. The lists shall be posted at Board offices.

11.1(4) Metro Preferred Reemployment Lists, on which non-classified employees shall be ranked by the Director based on their merit and fitness as appropriate to applicable positions, shall be established for use in hiring into the classified service.

12.2 MANDATORY RETIREMENT AGE

12.2(1) For the purpose of enhancing public safety the mandatory retirement age for Fire Division employees covered by the Fire Pension Fund shall be age sixty-two (62) or as otherwise may be provided by ordinance of the Louisville Metro Government.

12.2(2) Anyone who has reached the age of mandatory retirement has the option of applying for exemption on the basis that he/she continues to be physically capable of performing the duties of their position. Such application shall be made to the Louisville Civil Service Board at least 30 days before they reach the age of mandatory retirement. The staff of Civil Service will schedule a medical examination along with a stress test to determine if the employee is still physically capable of performing his/her duties. If the employee is found to be physically capable, compulsory retirement shall be postponed for a period of 1 year, upon which time the employee may reapply for exemption from compulsory retirement under the same conditions mentioned above. In no event shall exemption from compulsory retirement be granted beyond the age of 70 years.

SERVICE RATINGS

13.1 USE OF SERVICE RATINGS

13.1(1) Service ratings shall be obtained from the appointing authority for all probationary employees prior to the end of their probationary period and for all regular employees in the classified service on an annual basis. Such evaluation shall be considered in determining salary adjustments as well as the advisability of transfer, advancements, demotion, or dismissal.

13.1(2) The service rating of an employee shall be open to inspection by the employee at any time, provided such inspection will not interfere with the work of the Board.

13.1(3) Any change made by the appointing authority to any service rating will immediately be reported, in writing, to the Director and to the employee.

REASSIGNMENTS

14.1 **GENERAL PROVISIONS**

14.1(1) Transfer of an employee in the classified service from a position in one department or agency to a position of the same class in another department or agency, with the consent of the appointing authorities concerned, may be authorized by the Director at any time. The Director immediately shall note such status on the affected employee's service record. Any involuntary transfer may be appealed to the Board.

14.1(2) Any transfer of an employee from a position in a lower classification range to a position in a higher classification range is deemed a promotion and may be accomplished only in the manner provided in these Rules for making promotional appointments.
