

2021 Occupational License Tax Report by ZIP Code

IMPORTANT NOTICE:

This document is not an interactive report. It is a static report that captures tax information as of a specific date (December 31,2022). It is meant to be an overview of tax collection, organized by the ZIP code of the filing entity. The data is compiled according to addresses provided by the taxpayer to the Louisville Metro Revenue Commission on the OL-3 and W1 filed tax returns.

All tax collection represented on the following graphs indicates business activity in Louisville/Jefferson County. However, the exact location of activity within Jefferson County may not be known if an out of state or out of county business address was provided by the taxpayer on the filed returns.

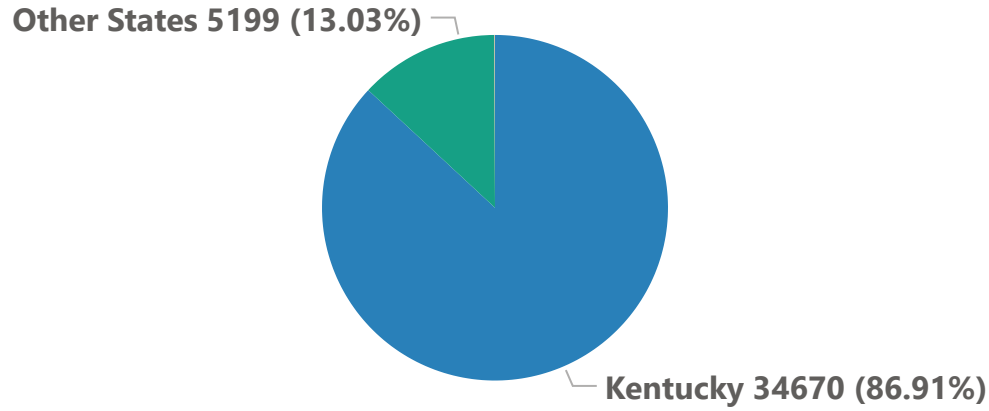

Due to the volume of data, not all zip codes have been shown on the graphs, only those with the highest levels of activity.
