

**ADDENDUM TO  
AIR POLLUTION CONTROL DISTRICT OF JEFFERSON COUNTY BOARD ORDER  
INCIDENT ID 02142**

This order is issued by the Air Pollution Control Board of Jefferson County (Board) pursuant to Kentucky Revised Statutes Chapter 77 AIR POLLUTION CONTROL.

**COMPANY:** BORDEN CHEMICAL, INC.  
6200 CAMP GROUND ROAD  
LOUISVILLE, KENTUCKY

On November 30, 2001, the Air Pollution Control District (District) received the Company's proposal for a Supplemental Environmental Project (SEP) for consideration by the District pursuant to Paragraph 2 on page 4 of the Order adopted by the Board on August 15, 2001.

The District has determined that the project proposed by the Company on November 30, 2001 has value as a SEP, but the District does not approve of the total \$135,600 as credit for this project.

The District has requested the Board to extend the deadlines in Paragraph 2 of the Board Order for the sole purpose of allowing the Company to conduct a pollution prevention assessment of their plant on Campground Road and to submit an additional proposal for one or more pollution prevention SEPs for approval by the District.

**NOW THEREFORE BE IT ORDERED THAT:**

1. Prior to January 12, 2002, Company shall notify the District in writing of its intention to pay the balance of the administrative penalty in accordance with Paragraph 2 of the August 15, 2001 Board Order or to conduct a pollution prevention (P2) assessment in accordance with this Addendum.
2. If Company elects to conduct a P2 assessment in accordance with this addendum, it shall enter into an agreement with the Kentucky Pollution Prevention Center to conduct an independent assessment.
3. If Company submits an additional SEP proposal for approval by the District, the District may consider and approve a SEP proposal for credit pursuant to Paragraph 2 of the August 15, 2001 Board Order until March 31, 2002. Any SEP approved by the District pursuant to this paragraph must be a P2 project.

Dated this 19th day of December, 2001.
