

Notice of Action on a Title V Construction Permit

The Louisville Metro Air Pollution Control District (District) proposes to issue a construction permit to **Hexion Inc.** (formaldehyde and phenolic resin manufacturing plant), 6200 Camp Ground Road, in accordance with Regulation 2.03. This permit is being issued to revise compliance demonstration methods for Hexion's Wastewater Treatment Plant. The Recuperative Thermal Oxidizer (RTO) is no longer needed as a permitted control to have compliant toxics emissions based on stack testing performed on August 28, 2019. The 30-day public comment period starts on February 13, 2020 and ends on March 16, 2020. A public hearing may be scheduled if the District determines that there are germane, unresolved issues or substantial public interest, in accordance with Regulation 2.07.

Drafts of the permit and summary are available at the District office, 701 W. Ormsby Avenue, Suite 303, Louisville, between 8:00 a.m. and 5:00 p.m., Monday through Friday, by calling Matt King at (502) 574-6000, emailing airpermits@louisvilleky.gov, or at the following website: <http://www.louisvilleky.gov/APCD/docket>. Copies of the application are available upon request. Written comments will be accepted at airpermits@louisvilleky.gov until midnight or at the District office until 5:00 p.m. on March 16, 2020.

To be published on February 12, 2020, in *The Courier-Journal* Metro edition, 14 Public Notices column.
