

## Notice of Action on a Title V Operating Permit

The Louisville Metro Air Pollution Control District (District) proposes to issue an operating permit for **LG&E Mill Creek Generating Station** (electricity generating facility), 14460 Dixie Highway, Louisville, 40272, in accordance with Regulation 2.16. This is a standard permit renewal. The 30-day public comment period starts June 11, 2020, and ends on July 13, 2020. A public hearing may be scheduled if the District determines that there are germane, unresolved issues or substantial public interest, in accordance with Regulation 2.07.

Drafts of the permit and summary are available by calling Matt King at (502) 574-6000 or emailing [airpermits@louisvilleky.gov](mailto:airpermits@louisvilleky.gov) or at the following website: <http://www.louisvilleky.gov/APCD/docket>. Materials are not available at the District office due to the COVID-19 restrictions. Copies of the application are available upon request. Written comments will be accepted at [airpermits@louisvilleky.gov](mailto:airpermits@louisvilleky.gov) until midnight or mailed to the District office, 701 West Ormsby Avenue, Suite 303, Louisville, KY 40203, by July 13, 2020.

EPA has agreed to treat this draft Title V permit as a proposed Title V permit and to perform its 45-day review provided by the law and regulations concurrently with the public notice period. Although EPA's 45-day review period will be performed concurrently with the public comment period, the deadline for submitting a *citizen petition to object* to the EPA Administrator will be determined as if EPA's 45-day review period is performed after the public comment period has ended (*i.e.*, sequentially).

The status regarding EPA's 45-day review of this project and the deadline for submitting a citizen petition can be found at the following website address: <https://www.epa.gov/caa-permitting/clean-air-act-permitting-kentucky>.

To be published on June 10, 2020, in *The Courier-Journal* Metro edition, 14 Public Notices column.
