

# **The OADC has FREE Hearing Aid Batteries**

**Many thanks to Kentucky Assistive Technology Services (KATS) and POWERMAX who donated thousands of new hearing aid batteries to be distributed to local residents. The Office for Aging & Disabled Citizens has three sizes (10s, 13s, and 312s) available on a first come, first served basis. The 'Best Used By' date is 02/2016, but they are still in excellent working order.**

**Persons in need can come to the OADC office located on the 2nd floor of The Edison Center, in the Community Services Suite. The Edison Center address is 701 W. Ormsby Avenue, Louisville, KY 40203.**

**Please call Sarah Teeters for more information and/or to check availability at 502-574-5092.**

**You can also call KATS at 1-800-327-5287 for information on pick up at their site or to donate used hearing aids that will be refurbished and provided to those in need.**
