HOMEOWNER ELECTRICAL PERMIT CERTIFICATION STATEMENT

Address: _____

Related Building Permit Number: _____

By signing this application it is understood that I, _____ am the owner of the above mentioned property and am currently residing in the above-mentioned property; if I am not currently residing in the property, I attest that I will reside there upon completion of the work. I also affirm that the home is not currently for sale, and that any and all electrical related work being done in the above mentioned home is being completed by me and no one else. I also understand that the work **must meet the Kentucky Building code and the National Electrical Code** and I am required to obtain the inspection(s) from the Division of Construction Review to ensure the above requirements have been met. This includes a final inspection. If I am found to have falsified this application in any way, I will face legal action including a fine and/or imprisonment.

MAKE CHECKS PAYABLE TO METRO FINANCE

1. The fees for initial installation of electrical wiring in one or two family residences shall be \$160. This permit fee shall include three inspections.
2. The fee charged for the initial installation of electrical wiring in a condominium or patio home residence/unit shall be \$100 for the base permit, and \$.25 for each ampere at the service entrance up to and including 600 amperes. The fee shall be \$.50 for each ampere over 600 amperes. This permit fee shall include three inspections.
3. The fee charged for service upgrade, burnout, new service, repairs or additional wiring in a one or two family, condominium or patio home residence shall be \$50, which shall include one inspection.
4. The fee for installation of new electrical wiring other than in a one or two family, condominium or patio home residence shall be \$50 for the base permit, \$25 for each subpanel, \$25 for each dwelling unit in a residential structure other than one or two family residences, and \$.25 for each ampere at the service entrance up to and including 600 amperes. The fee shall be \$.50 for each ampere over 600 amperes. This permit fee shall include two inspections.
5. The fee for rewiring, burnout, new service or repairs in other than one or two family, condominium or patio home residences shall be \$50 plus an additional \$25 per each dwelling unit specifically involved in the work for residential property, or \$25 per each subpanel specifically involved in the work for commercial property. This permit fee shall include one inspection.
6. The fee for the installation of a temporary pole shall be \$50. This permit fee shall include one inspection.
7. The fee for any additional inspections not covered by the initial permit fee shall be \$35. The Department shall have the right not to issue any additional permits to the applicant until the additional inspection fees have been paid in full.
