HOMEOWNER HVAC PERMIT CERTIFICATION STATEMENT

Address: _____

Related Building Permit Number: _____

By signing this application it is understood that I, _____ am the owner of the above mentioned property and am currently residing in the above-mentioned property; if I am not currently residing in the property, I attest that I will reside there upon completion of the work. I also affirm that the home is not currently for sale, and that any and all HVAC related work being done in the above mentioned home is being completed by me and no one else. I also understand that the work **must meet the Kentucky Building code and I am responsible for contacting the local EPA regarding reclaiming of Freon Certification.** I am also required to obtain the inspection(s) from the Division of Construction Review to ensure the above requirements have been met. This includes a final inspection. If I am found to have falsified this application in any way, I will face legal action including a fine and/or imprisonment.

Signature of Owner or Agent

MAKE CHECKS PAYABLE TO METRO FINANCE

1. 1 &2 Family Dwellings, initial system \$105 for the first system, \$50 for each additional system. A system may be either a heating or cooling system, or combination.

2. Multi-Family Dwellings, initial system \$105 for the first system, \$50 for each additional system. A system may be either a heating or cooling system, or combination.

3. The minimum permit fee for other residential HVAC permits, such as replacements, shall be \$105. This does not include manufactured fireplaces.

4. Commercial / Non-Residential: Each permit fee shall be calculated per the following table based on the total dollar value of each HVAC installation, either actual or estimated. It shall be the obligation of the installing contractor to supply the complete value, including labor and material costs regardless of the purchaser. An exact figure does not need to be provided to the Department but the application shall include an affirmed, signed statement that the value lies within certain limits as listed in the left hand column of the table.

5. Inspections-Each permit shall include 3 inspections and no additional cost. The fee for any additional inspections shall be \$50. The department retains the right not to issue any additional permits to the applicant until the additional inspection fees are paid in full.

6. Other HVAC permit types: Mechanical Refrigeration (\$40 per compressor); manufactured fireplaces (\$35 per unit); and Range Hoods (\$75 per hood). These permits include 2 inspections.

7. Permit holder is responsible for requesting required inspections.

8. Make Checks Payable to: Develop Louisville or Construction Review.
