

LOUISVILLE, KENTUCKY

## Message from the Mayor

Dear citizens:

As we enter the third year of our strategic plan, citizens can see considerable progress toward our five objectives and 21 goals. From increasing the number of services available online to creating an even safer city to growing jobs and wages, my team is focused on our common dream for Louisville -- to create a clean, green, safe and inclusive city where people love to live and work. The Six-Year Strategic Plan is a roadmap for getting us there -- and you will see that some of our goals have been updated and revised to better reflect the work we've already accomplished -- and the work ahead. We have achieved our goal to plant 10,000 trees but have committed to continuing our green and sustainability efforts in working to reduce our carbon footprint. We have also adopted a goal to foster a culture of life-long learning, creativity and innovation to ensure all of our citizens have opportunities to succeed.

When viewing the strategic plan, take a look using the three lenses through which we view our work here in Metro Government:

- Daily work -- the day-to-day items that keep city government running efficiently and effectively;
- Continuous improvement -- improving on that daily work;
- Innovation and breakthrough -- creating and implementing those big ideas that propel us forward as a government and as a city.

I encourage citizens to review the goals and objectives -- along with the data and metrics behind them -- to learn more about how their city government is working for the betterment of Louisville, every single day.

I welcome your feedback. Please use the contact form to let us know your overall thoughts and which goals you feel strongly about so we can continue to work together to make Louisville a great place.

Thank you for allowing me to serve as your Mayor.
