

The Leadership Louisville Center is now accepting proposals from local non-profit organizations and government agencies, for both the **Yum! IGNITES Louisville Challenge** and **Encore Louisville**. There are no fees and just ONE application process.

Now is the time to apply - Does the nonprofit have a fantastic idea that the team just doesn't have time to pull off? Need help managing critical strategic, structural, operational, or organizational issues? These are the types of challenges that make great projects. Proposals are being accepted now through **February 16th, 2017** for the Ignite Louisville class beginning in April, and for Encore Louisville projects beginning in March. Click [here](#) to learn more about each program and to submit your proposal.

If nonprofits have submitted in the past but weren't chosen, or had team years ago, we encourage them to submit again. We are here to help if needed, on proposals.
