The goal of the Louisville Loop is to construct an approximately 100-mile shared use path system around Louisville.

The Louisville Loop will:
- Improve mobility for non-motorized travel for pedestrians, bicyclists, transit users and equestrians;
- Connect neighborhoods, schools, parks, workplaces and shopping areas to the Loop where possible;
- Encourage a wide range of users, including families, children, people with disabilities and athletes, to improve their health and fitness;
- Celebrate the natural and cultural history of Louisville;
- Enrich our lives with public art;
- Serve as a catalyst for economic development by increasing property values near the Loop, encouraging tourism, and providing amenities for neighborhoods and workplaces near the trail.
SOUTHPOINTS PLAN
Arrival
Parking, Registration, Drop-off/Pick-up

Existing Woods

Existing Creek

Existing Pond

Food Service
Options: Shelter Pavilion, Cafeteria or Dining Hall, Outdoor Gathering Area
