North Overlook Design

Design Team

Engineering  Historic Preservation  Landscape Architecture
Panel 3
Sullivan Grove to North Overlook

Sullivan Grove Trailhead and Picnic Area
a Trailhead.
b Two ADA parking spaces.
c Seven layby parking spaces.
d Picnic tables.
e Hub for woodland trail network.
f Beginning of accessible path to North Overlook.

Accessible Path to Overlook
a Path meanders within existing Downhill Road pavement area to minimize impacts on existing trees.
b Sitting places provided at 300 feet +/- intervals.
c Path terminates at the North Overlook aligned with view of Ohio River valley and Indiana knobs.
d Road steepness reduced for wheelchair accessibility.

Restored Woodland Trail
a Follows historic trail alignment.
b Foot path width, mulch surface.
c Connects to accessible path to form a loop.
d Ends at the redesigned North Overlook.

Northern Overlook
a Human scale overlook.
b Rustic stone seating tiers oriented to view.
c Natural overlook design with grassy open slopes and rain gardens.
d Pegrade slope to open views.

Path Connections
a Connect to Coroby Trail.
b Connect to trailhead parking on Upill Road.
c Accommodates different origin points and creates loops for walks.
d Both gentle and steep route alternatives.
